Hooray, It Snowed! These Are Scenes in Canyon During the Storm Monday Morning

EIGHT PAGES — ONE SECTION

The Canyon News

Sixty-Third Year | Canyon, Texas | Wednesday, December 31, 1958 | Number 38

Building Reaches Near Record

This year was the second largest year for building in Canyon, and the largest total value year for residences, according to records kept in the city hall.

Building permits issued during the year were for $1,779,879, only $162,887 less than the record year of 1956 when $1,942,766 worth of permits were issued. More permits were issued this year, 100, than in 1956 when 82 were issued.

Home construction was big during the year, with a total of $460,575 being issued for 31 new residences, two apartment buildings, eight moved-in residences and one duplex, or a total of 42 permits. The second largest year in value was 1955, when 46 permits were issued for $395,425.

The biggest year for new homes was in 1951 when 57 permits worth $373,550 were issued. Other big years were 1952 with 50 permits for $371,940, 1956 with 43 permits for $348,550 and 1957 with 34 permits for $368,580.

This was the fifth year since records have been kept (beginning in 1949) when building has gone over the $1 million mark. Each of those years coincided with major building at West Texas State. Other years were 1950 with $1.3 million, 1954 with $1.6 million, 1955 with $1 million and 1956 with $1.9 million.

Commercial construction and remodeling accounted for $96,000 worth of permits this year. Remodeling, additions, garages and the like for private residences counted up to $75,347 in 1958.

The college got two permits during the year, one for $917,776 for the Fine Arts building and the second for $230,181 for the addition to the science building.

Private residence construction was higher per house this year, with an average cost of $10,966 per unit, the first year for unit cost to go over $10,000.

Building permits totaling $48,325 issued during December include:

H. Cook, 2012 First Avenue, move in residence, $5,000, Dec. 1.

Lee Roy Moreland, 705 Fourth Avenue, remodel, $300, Dec. 3.

D. S. Owens, 2519 Ninth Avenue, residence, $11,325, Dec. 3.

Alfred Daniels, 405 Taylor Lane, residence, $13,000, Dec. 17.

W. J. Stewart, 1219 Third Avenue, remodel, $2,600, Dec. 17.

William B. Davis, 2414 Twelfth Avenue, residence, $16,000, Dec. 22.

J. N. Killingsworth, 2010 Fifth Avenue, garage, $100, Dec. 23.

☆ ☆ ☆

Canyon's Growing—Here's the Proof

Regardless of any estimates from usual sources, there is proof positive in the vital statistics records at the Canyon City Hall that the population of Canyon is growing.

The register of births shows 104 children born to Canyon residents during the year and the register of deaths shows only 16 Canyon residents died.

Thus, the city's population grew by at least 88 people.

The birth register shows a total of 211 children were born in Canyon during 1958, but 107 were born to parents who live outside of Canyon—either in the rural areas or in other towns and cities in the Panhandle.

Some 26 deaths are shown in the death register, 10 of which were people who lived outside of Canyon.

Burrus Services Held Saturday

Services in the memory of Mrs. Maggie May Wells Burrus were conducted at 2 p. m. Saturday in the First Baptist Church. Mrs. Burrus, 77, died at 12:07 a. m. Friday in Neblett Hospital.

Dr. Strauss Atkinson, pastor, officiated. Burial was in Dreamland Cemetery under the direction of Warren-LaGrone Funeral Chapel.

Serving as pallbearers were her grandsons, Austell Burrus, Dennis Burrus, Jackie D. Burrus, Harley Hagger, Troy Burrus, Ray Burrus, Doyle Bourn and Bobby Burrus.

A member of the First Baptist Church, Mrs. Burrus was the widow of S. J. Burrus. She had lived in Canyon since 1920, when she moved here from Randlett, Okla.

Mrs. Burrus was born March 28, 1881, in Grayson County, Texas, and was married to Mr. Burrus at Henrietta on Dec. 24, 1903.

Survivors include six sons, Harley, Bradley, R. A., and Tony Burrus, all of Canyon, and Hershel and Glenn Burrus of Hereford; four daughters, Mrs. Ed Bourn and Mrs. Ray Metcalf, both of Canyon, Mrs. Glen Settle of Tulia and Mrs. J. B. Hagger of Washburn; two brothers, W. C. Wells of Henrietta and R. B. Wells of Decatur; 27 grandchildren and 10 great-grandchildren.

Joy Graham of Norman, Okla., is spending a few days with Judy Wilson and her parents, the W. R. Wilsons, 2517 Fifth Avenue. Joy is the daughter of Dr. and Mrs. Harley P. Brown. He is with the biology department at the University of Oklahoma.

Cox Services Held in Plainview Church

Services in memory of Mrs. B. F. Cox of Plainview, mother of Mrs. C. W. Dunn, 1800 Fourth Avenue, were held at 2:30 p. m. yesterday in the College Heights Baptist Church of Plainview.

Officiating was the Rev. E. S. Weathers, retired Baptist minister. Burial was in Plainview Cemetery under the direction of Lemons Funeral Home of Plainview.

Mrs. Cox died at 1:15 p. m. Sunday in Plainview Hospital and Clinic after an illness of more than a year.

Mrs. Cox, who was born June 12, 1868, in Tueplo, Miss., came to Texas with her family when she was 13 years old. Her parents settled in Stonewall County and later moved to Ennis, where she married B. F. Cox on Nov. 5, 1885.

From Ennis the couple moved to Oklahoma in 1901, and four years later they moved to Plainview by covered wagon.

Surviving are four other daughters, Mrs. D. M. Thompson and Mrs. L. V. Brittian, both of Plainview, Eunice Cox of Big Spring and Mrs. Ona Monk of Austin; two sons, E. E. Cox of Crest and B. F. Cox Jr. of Plainview; two sisters, Mrs. Arrie Simpson of Fort Worth and Mrs. Lula Jennings of Houston; 21 grandchildren, 34 great-grandchildren and 8 great-great-grandchildren.

Snow Brings Light Moisture to Area

About a quarter of an inch of moisture came from a "baby blizzard" that left between three and four inches of snow on Canyon and the surrounding area.

The storm started early Monday morning, accompanied by 30-mile winds and low temperatures, and light snow continued until Tuesday afternoon.

School Census Starts Jan. 1

Enumeration of school-age children in the Canyon Independent School District will begin the first of the year, and must be completed by Jan. 31.

The annual census is used by the state education agency in apportioning the available school fund, and it is important that every child between the ages of six and 17 be counted. The exact ages are those who will be six before Sept. 1, 1959, and those who will be under 18 on Sept. 1, 1959.

Lee Foster, school tax assessor-collector, will direct the census. Helping him will be W. E. Miller and Mrs. Leatha Fullerton.

Those who are not contacted before the end of January should call the tax office to give the information, although the census takers will try to cover the entire district.

Another Trash Fire

Firemen fight a trash and grass fire in the 2600 block of Tenth Avenue on Friday afternoon, one of 27 answered during the year. Other fires during the past week were a grass fire on the Santa Fe right of way north of Ralph Switch on Christmas Eve from 8:15 to 9 p. m. and a grass fire at 2103 Ninth Avenue, from 5:45 to 6 p. m. Saturday.

☆ ☆ ☆

Fire Department Answers 60 Calls During Year, Buys New Equipment

The Canyon Volunteer Fire Department answered 60 calls during 1958 without a major fire loss inside the city. Nearly half the fires were from grass or trash.

Of the 60 alarms, 26 were outside the city and 34 inside. The city has a contract with Randall County whereby the county pays a share of cost of operating the department on the basis of the number of fires inside and outside the city.

A check of the fire records show that 27 of the fires were grass and trash fires, mostly on windy days. Fire Chief Bill Sternenberg and Fire Marshall Jack Jenings said the number of trash and grass fires is too high, and could be cut easily if residents would be more careful.

They suggest that residents not burn trash on windy days or after 5 p. m. The cost of putting out a small grass fire ranges from about $15 to $30, not counting the cost of operating the trucks.

The city pays the fire department $1 per man who answers an alarm, and anywhere from 15 to 30 men will answer an alarm. The money goes into the department treasury and is used to buy equipment.

An equipment addition this year was a "wet water" foam unit that cost $286.50. It is mounted on the county-owned fire truck and is especially useful for grease and oil fires.

Another advantage of the unit is that it makes water four times more effective in quenching blazes. Using the foam unit, the 500-gallon tank on the county truck is equivalent to 2000 gallons of water—a decided advantage in a country fire where water is scarce.

The largest fires the department fought this year were wheat fires on the R. B. Elliott and Edd Reynolds farms during wheat harvest this summer.

Water District Election Told

Two county committeemen and one district director for the High Plains Underground Water Conservation District No. 1 will be elected on Jan. 13, with voting boxes set in three places in the county.

Nominated for district director are G. A. Dietz, Route 2, Happy, and T. L. Sparkman Jr., Route 1, Hereford.

Nominated for county committeeman from Commissioners Precinct 3 are Harold Bryan, Route 1, Happy, and Jackie Meeks, Route 2, Happy.

Nominated for county committeeman from Commissioners Precinct 4 are A. C. Evers, Route 4, Box 391, Amarillo, and Ervin Podzemny, Route 4, Box 352, Amarillo.

Polling places in the county are Hollywood Service Station, Randall County Grain at Ralph Switch, and the Umbarger School.

Last Rites Held For I. N. Pond

Funeral services for Isaac Newton Pond, 96, were held in Boxwell Brothers Chapel in Amarillo at 11 a. m. yesterday. Mr. Pond is the father of Mrs. Grady Persons of Canyon.

The Rev. Keith McCormick, pastor of the First Baptist Church at Panhandle, conducted the services. Pallbearers were Jim Parks, J. W. Sell, and Dana Persons, all of Amarillo; Ben Stone and Mike Stone, both of Panhandle and Glenn Bobbitt of Carlsbad, N. M., all grandsons of Mr. Pond.

Burial was in Memorial Park Cemetery.

Mr. Pond, who lived in Amarillo, died at 4 a. m. Saturday in the Faye Thomas Convalescent Home following an illness of several months.

He was born Feb. 8, 1862, in Maynard, Ark., and was a member of the Baptist Church of Celina, Texas.

Survivors include two other daughters, Mrs. G. G. Laney of Dallas and Mrs. John Stone of Panhandle, and a sister, Mrs. W. R. Evans of Arkansas.

State Highway Commission Head To Be Chamber Banquet Speaker

The chairman of the Texas Highway Commission will be the speaker for the annual Canyon Chamber of Commerce banquet on Feb. 6.

Marshall Formby of Plainview is scheduled to make the speech. He announced recently that he would be a candidate for governor in the 1960 primaries.

Tickets for the banquet will be available soon at the chamber of commerce office.

Formby was born near Como in Hopkins County and attended public schools at McAdoo and Spur in Dickens County. He holds a BA degree from Texas Tech and a masters in journalism from the University of Texas. He attended Baylor University Law School and is a licensed attorney.

The commissioner has conducted both public and private careers. He was county judge of Dickens County from 1937 to 1940 and was state senator from old District 30 from 1940 to 1945. He was president of the West Texas County Judges and Commissioners Association in 1939-40.

☆ ☆ ☆

MARSHALL FORMBY

☆ ☆ ☆

His business career includes publishing newspapers and owning and operating radio stations in West Texas. He is a practicing attorney in Plainview.

Formby has interests in radio stations KPAN in Hereford, KFLD in Floydada, KTUE in Tulia and is owner of KSML in Seminole.

He served four years with the Corps of Engineers during World War II. In 1946 he married the former Sharleen Wells of Seale, Ala., and they have two children, Frances and David.

Most Stores Close For Football Games

Most of the business houses in Canyon will be closed on Jan. 1 in observance of football bowl games, New Year's Day, that is.

Mrs. L. F. Sheffy is improving in Northwest Texas Hospital in Amarillo after becoming critically ill Friday. Dr. Sheffy is at her bedside at the hospital.

March of Dimes Mailers

Wilma, left, and Linda Burkett prepare envelopes for mailing March of Dimes fund requests in Randall County. The March of Dimes has branched out from an appeal for polio to appeals for polio, arthritis, virus diseases and birth defects.

The Soaring Sixties

This is the season when pundits and prophets decide what is going to come up during the next year, or 10 years, or some period. They pontificate and look wise, and everybody forgets what they had to say before the year is up, and they all go at it again. We might as well tag on and get our few cents worth on the books.

The Kiplinger letter from Washington, an outfit that prophesies all year long, has dubbed the next decade the "Soaring Sixties." It predicts a business boom for the 10 years, accompanied by continuing inflation and higher wages. The population will be increased by 20 per cent and the birth rate will go up from a rate of four million babies a year to five million.

The number of college graduates will increase by 75 per cent and a college degree will no longer be a luxury but a necessity for the wage earner. Cities will grow larger, there will be 40 per cent more homes and the new system of highways that will come will change the face of the nation.

The Kiplinger letter expects Alaska, Nevada, Arizona, California and Florida to be the fastest growing states, but little old Texas will have an increase of 34 per cent between 1955 and 1970.

What can that mean for Canyon?

If Canyon is to gain population (and it probably will even if no more families move here simply because of a higher birth rate) the city will have a number of problems. Some of those problems we have now and they will worsen. Other problems will arise.

We can expect that city taxes will continue to be high, and they probably won't go down any. They might even have to go up some more, but that's a wild guess that could be wrong because growth brings increased valuation.

The people will call on the city for more and more services, and many will not remember that increased service means increased cost.

We should have our water and sewer problems whipped for quite a few years, at least until the bond issues for those facilities are about paid off. Canyon has a sewage system that is supposed to take care of 12,000 people, although some of the areas in the west end of town are not hooked into the system. The water system should take care of at least 12,000 and could take care of lots more. And parts of the west end aren't on the system. There's one problem that will have to be faced one of these days—the city and the people of the west end cooperating to get on the services.

Twice in the last few days, we've had requests for a few words to be said for getting street signs. And here they are. We need street signs, especially in the newer areas, but all over town. And we feel we should have our system of street designation changed. The idea of using numbers for streets in both directions is confusing to the stranger, and confusing to the longtime resident as well.

We should like to suggest this system, which would work well here because of the long, narrow city we have. The avenues, running east and west should be lettered, Avenue A, Avenue B, Avenue C and on up. We could have 26 avenues then without repeating. Now there are about 15 avenues, all numbered. Our streets, running north and south, could continue to be numbered. We've got upwards of 30 of them now, and would need to keep numbers for them.

If we used that system, the city hall would be at the corner of Avenue D and 16th Street, instead of at the corner of 4th and 16th like it is now. Much simpler, and not nearly so confusing.

What else will Canyon need? We need right now, and will need even more in the future, a comprehensive planning and zoning board of citizens.

A hodgepodge growth in a city is dangerous. It is fatal to property values, and it makes it hard for homeowners to obtain loans for new construction and remodeling. It can change a pleasant residential neighborhood into a nightmare if undesirable businesses are allowed to move in next door.

We have a zoning commission now, it has little authority. But we don't have any planning. The zoning board can only recommend that this or that property be rezoned, and it can't plan a little ahead to see what will happen if this property is rezoned and that is not.

We need a different form of government in our city, too. We've harped on this subject enough, but the arguments still hold. Government at all levels has grown so expensive that we must do what we can to make it more efficient—to get the most for our tax dollar.

We have the ever-present threat of encroachment of the City of Amarillo in this direction. The closer it comes, the more it will holler about its "problems" and how they can be solved only by consolidation of Potter and Randall counties. Our solution is pretty far reaching, and we doubt if it will be taken up.

We believe that the whole system of county government in this state should be revamped, and that means the courts and all. We have considerable duplication in city and county governments, and we see no reason why it should continue at the expense of the taxpayer. One government or the other should withdraw from every area where there is duplication—we can just see any city withdrawing just as we can see any county withdrawing.

What else can we expect in Canyon? If the percentage of college graduates rises as Kiplinger thinks, West Texas State College is going to spill out of its present campus and grow all over the place. There's room there for several more buildings, especially classroom buildings, but sooner or later there's going to be a need for more dormitory buildings and more land for them to be located on.

Canyon is going to need more paved streets. We probably have more pavement than any other town of comparable size in the state, but we need to continue paving to attract residents. Even more important, we're going to have to get busy soon in repair and maintenance of the ones we've got. That means the city will need more money.

Traffic is going to be a great problem. Along with increased traffic will come the problem of parking space. We need to get busy on a plan to extend Fourth Avenue (Avenue D in our system) to the west and connect it directly to Highway 60 way out at the curve. We'll have to designate other avenues and streets as thoroughfares and widen them out. That comes under the planning and zoning commission we mentioned.

Canyon must have a business awakening, and probably more business houses. Our businesses must learn to toot their own horns and loudly, and they must learn that they've got to show a good face to the world. If Canyon grows much, our pace is going to have to quicken from a headlong rush to a dead run.

The Soaring Sixties are going to bring lots of problems to Canyon, as well as plenty of rewards. We won't be able to solve our problems without planning and work, just as we won't be able to enjoy the rewards unless we solve our problems.

Thank Goodness

On Monday we got our federal income tax forms for 1958 taxes. We're glad Uncle Sam didn't send them in time for Christmas, or our celebration might have had a sour taste.

I GIVE YOU TEXAS

By BOYCE HOUSE

When I was a young reporter on the Memphis paper, I was often in the county jail—in connection with my work. But I never knew, until a day in September, 1958, that the spot where the jail stood was where Gayoso, the Spanish governor, built a fort in the 1700's when Louisiana, Texas and Mexico belonged to Spain. Jailer and prisoners and visitors were treading on history without realizing it. (The fort was abandoned after a short time since it was on the eastern side of the Mississippi, in American territory)

And, in my beginning days as a newspaperman, there was a judge who had a thick gray mustache, Judge J. P. Young, but I did not learn, until long afterward, that he had been the boy courier of the immortal Nathan Bedford Forrest, "the wizard of the saddle."

The amount of space devoted to stamps in the Sunday papers mystifies me. The only time I'm interested in a stamp is when I want to mail a letter.

Also the "abominable snow-man" of the Himalayas leaves me cold.

In reading Homer Croy's book on Will Rogers, I came across the story of an unfavorable review of a Will Rogers performance. The occasion was a lecture but, because Will appeared in the Symphony Hall (Boston, I believe), the music critic was sent to write it up and he did not approve of Will's grammar. The humorist, in his "column," retorted, "Can you imagine yourself bringing up your baby boy to be a male music critic?"

If Harry Truman had only known about that comment!

A little-known bit of history: After the Johnstown flood, so much in the way of relief funds, food and clothing came to the stricken city that people would not work and workers had to be brought in from the outside to repair the flood damage.

Mr. and Mrs. Robert Oglesby of Canyon attended a family dinner Dec. 20 in the home of Mr. and Mrs. R. T. Stewart of Dawn.

Plaster Home Site Of Christmas Dinner

The John Plaster home was the scene of a dinner Christmas Day. Following the dinner, the group sang carols, lead by Otis Lemley of Amarillo and accompanied by Cynthia Plaster of Canyon.

Present were Mrs. A. L. Cobb, Johnnie Cobb, Mr. and Mrs. J. E. Johnson, Mr. and Mrs. Monte Wolford and Mr. and Mrs. John H. Gilbert, Clinton and Clay, all of Claude; Mr. and Mrs. Clyde Gilbert of Clarendon; Mrs. Hugh Brinson, Allen, Okla.; Mrs. John Wright, Holdenville, Okla.; Mr. and Mrs. Otis Lemley, Becky and Bob of Amarillo; and Cynthia and John Charles Plaster of Canyon.

Mrs. E. E. Plank Is Brought to Hereford

Mrs. E. E. Plank, who underwent surgery in Ohio several months ago, was brought to the home of relatives in Hereford last week. She was visiting her son in New Philadelphia, Ohio, at the time of the emergency operation.

Home from college for the holidays are Charles Neblett, son of Dr. and Mrs. R. A. Neblett; Royce Gum, son of Mr. and Mrs. L. E. Gum; Lynn Atkinson, daughter of the Rev. and Mrs. Strauss Atkinson; Nelda Coffee, daughter of Mr. and Mrs. Herschel Coffee; and Jon Cross, nephew of Ruth Cross.

Mr. and Mrs. John Schramm of Flagstaff, Ariz., left Saturday after spending Christmas with Mrs. Schramm's mother, Mrs. W. G. Rose, and brother, Kelly Rose.

Leo Rigsby is home from Texas A&M College to visit his parents, the R. R. Rigsbys.

Mayor's Soap Box

(The opinions reflected herein are not necessarily those of the other two commissioners).

If you leave town don't forget to take a thermos jug of water. You'll miss it and we need to sell it.

Eaglettes Defeated In Consolation Tilt

The Canyon High School Eaglettes were defeated 46-31 by the Perryton High School girls team for third place in the Panhandle basketball tournament at Panhandle Dec. 20.

Marilyn Winn was high scorer with 16 points.

To gain the consolation playoffs, the Eaglettes defeated Lefors, 51-46, and lost to Clarendon, 59-54. Patricia Salmon was high scorer in both games with 27 points, followed by Marilyn Winn who had 21 points against Clarendon and 22 against Lefors.

The Rev. and Mrs. Strauss Atkinson attended the wedding of Ora Ruth Voss and John L. Humphries in Dallas recently.

Guests in the home of Mr. and Mrs. John L. Williams during the holidays were Mr. and Mrs. Leon Winders and son, Jimmie, of Clayton, N. M., and Mr. and Mrs. James McGraw of Anchorage, Alaska. The McGraws showed more than 200 technicolor pictures of Alaska, featuring the Alaskan statehood celebration, which included a huge bonfire and the raising of a 20'x30' flag.

Arvle Marshall is spending the holidays with his parents, Mr. and Mrs. Douglas Marshall.

What Our Neighbors Say . . .

Scissor Snippings

Bascom Nelson in the Castro County News: This is a joyous season, filled with yuletide cheer, sleighbells and Christmas lights.

But we've got two problems that will throw considerable sadness on the Nelson household this season.

The first problem has to do with the heater that's supposed to keep this place warm. It does—sometimes. But most times the pilot light goes out, or is blown out, or dies of old age, or just plain won't burn.

Most mornings the Castro County News is like an icebox when we come to work. Everyone in the plant has tried his hand at making it work. We've built entirely new pilot lights, we've shielded it from the draft in the heater that blows the little flame out. We've done everything. We've had repairmen fiddle with it and go out muttering to themselves.

The weekly newspaper business isn't lucrative enough that a big central unit can be discarded and another installed just because a little ole pilot light won't work. And besides, it's become a contest between us and that elusive little flame that's supposed to start a big fire every time the temperature goes below 68 degrees. Someday, somehow, we'll win. We don't know how, but it will be fixed.

It's really no laughing matter. Just try to run your linotype some time while wearing a jacket, or feed a press, or typewriter, or do anything else. And besides, it's hard to see what you're doing when your breath frosts.

Our other big trouble rests with a chunk of printing machinery.

Perhaps your newspaper has arrived a few times as a tattered and torn mess of newsprint. This is because of a sick folder.

A folder has a personality as odd as a psychopathic loon. For weeks it will operate like all the advertisements say the new ones should. Then for no reason at all it will chew up everything fed to it.

We won't have to wait for robots to take over before we're at the mercy of our own inventions.

You can't beat it for price, either

If you'll just drive one of our INTERNATIONAL Trucks—(you're invited to, you know)—we think you'll agree that it has a lot to offer.

It offers style, for one thing. And comfort in that big, roomy cab, for another. After you've driven it, you can tell *us* how easy it handles. Then we'll tell you the good news about its low price.

The most important thing an INTERNATIONAL Truck offers though, is the unseen durability that makes it cost *least* to own. Drop in today, you'll find what we say is true.

INTERNATIONAL TRUCKS

The world's most complete truck line—½-ton to 96,000 lbs. GVW.

INTERNATIONAL TRUCKS cost least to own!

New automobiles appeared in many driveways this week as a Christmas greeting from the man of the house. They varied in size and shape from the imported three-wheeler that looks like a closed-up motor scooter to the American-made luxury limousine.

Times have changed automobile-wise. Until recently, the size of the car we drive has been limited only by how big the manufacturer would make them and how much money we could spend on one. And as more improvements have come, even the low-priced cars have soared out of reach of many. Now this fad for small imports has given the low-income buyer a break.

If he's really serious about economy, he can buy one of the things and bump through a thrifty budget to the end of the year. Or he can feel a sense of superiority as he passes one on the road in his no-longer-low-priced "low priced" car. It makes his comfortable medium-sized job look like the perfect compromise.

The first one of the impertinent little interlopers that appeared in our town — driven by a college boy — was a saucy red. We'll never forget the man who stopped next to us in traffic. Evidently it was his first sight of one, too. His face was ruddy from being out in the weather and his clothes said he was a farmer who really farmed. It seemed to say, "What will these fool kids think up next?"

The spouse came in a few days ago chuckling about one he followed down a main line for several blocks. In its back window was printed a pint-sized challenge: "Help Stamp Out Cadillacs!"

Visiting in the E. C. Hawes home were a grandson and his family, the Don Weddingtons of Omaha, Neb., a granddaughter, Karen Weddington of Omaha, and their children and grandchildren of Amarillo.

Some people are willing to lend a hand if they think they have a chance of borrowing two later.

People who borrow money to get themselves out of a rut usually end up in the hole.

A man never adds to his stature by treading on others' toes.

Married 50 Years

Mr. and Mrs. I. H. Hollabaugh recently celebrated their Golden Wedding anniversary with an open house in the home of their son, C. F. Hollabaugh. The Hollabaughs, who were married Dec. 23, 1908, at Wayside, have lived here since 1938. They have six children.

1957 Class Holds Reunion Monday

Despite cold weather, about 30 persons attended a reunion of the 1957 class of Canyon High School in the CHS homemaking department Monday night.

Movies of class events were shown, and a dance closed the evening's activities. It was the first reunion of the class.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Many farmers, fully aware of the great loss of top-soil on their own farms, have hesitated to adopt soil-saving practices because, to all appearances, they involve an entirely new type of farming with equipment especially adapted to the new method.

"This is a false impression, though," says the Randall-Potter SCD Supervisors, "Experience stories of actual farmers who have adopted soil conservation farming, prove that power and machinery costs average less than those from ordinary farming."

Summing up the whole matter of conservation farming: It is effective in use of land; it's effective in bringing about increased yields; and it's effective in reducing labor and machinery costs. Conservation farming, as its name implies, is farming that conserves and restores the natural resources of the land rather than depleting them.

Now is a good time to see one of the Randall-Potter Soil Conservation District Supervisors or the Soil Conservation Service about a conservation plan on your farm or ranch.

Watch Night Rites Scheduled Tonight

A special Watch Night service will be held at the First Baptist Church tonight.

Highlights of the event will be a movie, "Reaching from Heaven," a radio message by Billy Graham and a period of music and meditation.

A meeting of superintendents at 6:45 p. m. will begin the activities, followed by a meeting of teachers and officers at 7. The regular Wednesday night prayer service will be held at 8 and a refreshment period and the special features will follow. The service will end at midnight.

Wayside News

Rev. Richard Brewster filled his regular appointments Sunday.

Mr. and Mrs. Donnie Martin and Derrell spent Christmas with her parents, the Bly Shannons of Quitaque.

Dot Spencer of Quitaque is visiting her sister and her family, the Sam Mayes family.

Mrs. Pete Growdon of Clovis, N. M., was a caller in the W. R. Franklin home Monday evening.

The Christmas tree and program at the church Wednesday night was well attended. A number of visitors were guests in the community during the holidays.

Visitors in the E. J. Mahler home Christmas were Capt. and Mrs. Bryce Payne and children of Abilene; Mr. and Mrs. Glenn Mahler and children of Buena Vista; Mr. and Mrs. Tom Payne and children of Amarillo, and Mr. and Mrs. Joyce Lane and Joy and Cordie Mahler, all of Wayside.

Dinner guests in the W. R. Franklin home Christmas Day were Mr. and Mrs. William Payne and Lynn of Clarendon; Mr. and Mrs. M. E. Counterman and Marvin Sluder, all of Happy; and Mr. and Mrs. Roy Franklin and family and Mrs. Virgie Tucker, all of Canyon. The Franklins' daughter, Mrs. Fannie Mae Fryburger of Paonia, Colo., telephoned to wish a merry Christmas.

Dinner guests in the Dewitt McGehee home Christmas Day were Mr. and Mrs. J. W. Thomas and Leroy of Tulia and Mr. and Mrs. Warren Embree and children of Bovina.

Mr. and Mrs. M. I. McGehee and children spent Christmas in the Myles McGehee home near Garden City, Kans.

Mr. and Mrs. W. C. McGehee and Jack and Mr. and Mrs. Guy Watson and Gale enjoyed a family get-together at Borger in the home of Dr. and Mrs. Francis Whitesides last Sunday. Mrs. Whitesides is the former Ann Gillham of Amarillo. Others enjoying the occasion were Dan Gillham, Mrs. Mattie Gillham of Wichita Falls, Dan and Ann's mother, and Mr. and Mrs. J. E. McGehee of Amarillo. Mr. and Mrs. Kelly McGehee called in the afternoon.

Frank Tirey suffered a heart attack while the family was visiting relatives in Plainview Wednesday and Thursday. He is in a Plainview hospital.

Guests in the M. L. Gillham home during the holidays were Edith Gillham, Mr. and Mrs. Dan Gillham and children, Olla Etta Gillham of Albuquerque, N. M., and Esther Gillham of Keene.

Mr. and Mrs. W. D. Duncan spent Christmas with her sister and family at Aspermont.

Mr. and Mrs. Archie Love and Joe Dean of Hereford were dinner guests Christmas Day with her parents, Mr. and Mrs. Joe Rogers.

Mr. and Mrs. Robert Adams and Less and Leveta Brown are spending the holidays with Jimmy Adams near San Antonio where he is in the service.

Oscar Thomas of Grapevine is visiting in the W. C. McGehee home and attended the Christmas tree and program.

Mrs. Roy Wreath of Woodward, Okla., was a guest in the Arvin Triplett home.

Mary Sue Bolton visited her parents, Mr. and Mrs. Louis Bolton, during the holidays.

Dr. Lowes Assists At Clarendon Meet

Dr. Ruth Lowes, professor of education at West Texas State College, served as consultant and advisor at an educators meeting in Clarendon Dec. 17.

Thirty-four superintendents, principals and teachers from Armstrong, Childress, Collinsworth, Hall and Donley counties attended the session.

Jessie Lee White spent the holidays with his parents, Mr. and Mrs. Jesse White of Lelia Lake.

Dale Ayers is visiting his parents, Mr. and Mrs. C. C. Ayers of Lelia Lake.

Mr. and Mrs. Rex Hopkins and Judy visited relatives in the Hudgins community.

Monta Jean Kennedy visited relatives in McLean.

MRS. MARION SHIRLEY SHEETS

☆ ☆ ☆

Dorothy Bowlin, Shirley Sheets Married in Double Ring Ceremony

Dorothy Bowlin, daughter of Mr. and Mrs. James D. Bowlin, became the bride of Marion Shirley Sheets, son of Mrs. W. E. Sheets, 2110 Sixth Avenue, in a double ring ceremony in the Joseph A. Hill Chapel at 4 p. m. Dec. 20.

Dr. Evertt Blanton of the South Lawn Church of Christ in Amarillo, read the vows before a satin covered altar flanked by golden candelabra holding five white tapers. Two large candles were also on either side of the altar. Behind the altar were ten candles in a golden candelabrum. Gladiolus and mums were used for floral decorations, and cascade bunches of gladiolus and mums were used on the pews.

Large bouquets of gladiolus in stands were used before the altar.

Margaret Pederson of Amarillo, organist, played Chopin's "Nocturne in E Flat" and Debussy's "Claire de Lune." A trio, composed of Sybil Todd, Sylvia Ramsey and Gracie Newman, sang "Because" by Guy d'Hardelot and "No Other Love" from Chopin's "Etude in E Major."

Traditional wedding marches were used.

Judy Bowlin, sister of the bride, was maid of honor, and Mrs. Sue Culwell was bridesmaid. They wore identical princess-style dresses of ice blue taffeta, and carried bouquets of darker blue mums.

Lynn and Gail Grundy, nieces of the bride, were candlelighters and wore full-skirted dresses of satinized ice blue cotton. Kathy Sharp, niece of the bride, was flower girl. She wore a dress identical to the dresses of the candlelighters.

The three wore headbands of white pom-pom mums.

Best man was Bill Piehl of Amarillo and Don Sheets, brother of the bridegroom, was groomsman. Sharing the ushering duties were Wiley Sheets, brother of the bridegroom, Edward Allen and Jim Owens.

The bride, who was escorted to the altar by her father, wore a white chapel length gown of satin covered in Chantilly lace, styled with long, tapered sleeves. The neckline was accented with seed pearls and sequins.

Her shoulder length veil of nylon net was attached to a headband of lace accented with seed pearls and sequins. The bride carried a cascade arrangement of stephanotis.

The bride's mother wore a printed silk of multiple shades of blue with accessories of blue and black. Mrs. Sheets chose a blue print silk dress with an accordion pleated skirt. Her accessories were black and white. Both mothers wore white carnations.

A reception in the Church of Christ Bible Chair followed the ceremony. Mrs. Don Golden, sister of the bridegroom, registered the guests. Peggy and Grace Sheets, sisters of the bridegroom, served the cake and the punch.

Relatives of the bride attending from out of town were Mrs. W. R. Grundy of Garden City, Kans.; Corinne Bowlin of Farmington, N. M.; Mona White of Farmington, N. M.; Mr. and Mrs. J. L. Sharp of Roswell, N. M.; Mr. and Mrs. C. E. Moore and Mr. and Mrs. Dusty Moore of Snyder; and Mr. and Mrs. E. F. Tate of Wichita Falls.

Relatives of the groom present were Mr. and Mrs. Tom Monroe and Roy Sheets of Canadian; Gertie Archer, Ethel Sheets Hester and Mr. and Mrs. Olin Sheets and Nan, all of Spearman; and Mr. and Mrs. Joe Perkins of Lamar, Colo.

A graduate of Amarillo High School, the bride is employed by Dr. Blanton. The bridegroom is a graduate of West Texas High School of Canyon and is now attending West Texas State College, where he is a member of Chi Gamma Iota. He served in the U. S. Army. The couple will be at home at 2602 Sixth Avenue.

Mr. and Mrs. Winfred Self were guests in the George Self home in the Hudgins community and the Leo Smith home in Lelia Lake.

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: Kenneth Arthur Edmund Bath, Defendant, Greeting:

You are hereby commanded to appear before the Honorable 47th District Court in and for Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 26th day of January A.D. 1959, then and there to answer by filing a written answer to the Plaintiff's Petition filed in said Court, on the 8th day of November A.D. 1958, in this cause numbered 3650 on the docket of said court and styled Margaret Mary Bath, Plaintiff, vs. Kenneth Arthur Edmund Bath, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff seeks a divorce, alleging cruel treatment on the part of Defendant, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Canyon, Texas, this the 13th day of December A.D. 1958.

Attest:
MAVIS HILL, Clerk,
47th District Court in and for
Randall County, Texas
By: L. Johnigan, Deputy
(SEAL)
